

FOR IMMEDIATE RELEASE:

Nalco Chooses CorpTrav's Travel Management Solution

LOMBARD, Illinois – March 19, 2009 – CorpTrav was recently selected as the new travel management partner for Nalco Company, the global leader in water, energy, air and process technologies and services. On December 1st, 2008 CorpTrav successfully implemented Nalco's North American service initiatives for its travel management program, completing the complex project in less than six weeks. Sarah Bohash from Nalco commented, "A transition of this magnitude with a short deadline could not have been accomplished without the full support and dedication of a world class Travel Management Company."

Symbolic of the success of the travel management project was that it won an internal Nalco recognition award. Bohash attributed much of the program's success to CorpTrav's work. "The CorpTrav account management team was phenomenal," she added.

"We couldn't be more thrilled with the success of our North American implementation for Nalco," said CorpTrav's CEO Bonnie Lorefice. "The service and savings goals Nalco set forth from the very start prompted us to introduce some very innovative service components in addition to focused dollar savings strategies".

About Nalco:

Nalco is the world's leading water treatment and process improvement company, delivering significant environmental, social and economic performance benefits to our customers. We help our customers reduce energy, water and other natural resource consumption, enhance air quality, minimize environmental releases and improve productivity and end products while boosting the bottom line. Together our comprehensive solutions contribute to the sustainable development of customer operations. Nalco is a member of the Dow Jones Sustainability World Index. More than 11,500 Nalco employees operate in 130 countries supported by a comprehensive network of manufacturing facilities, sales offices and research centers to serve a broad range of end markets. In 2008, Nalco achieved sales of more than \$4.2 billion. For more information visit www.nalco.com.
